DISD HIGH SCHOOL VARSITY DRILL TEAM AND DFDC CONSTITUTION

PURPOSE

The purpose of the Varsity Eaglettes drill team and the JV Eaglettes is to promote spirit and sportsmanship at school functions and to serve as a performing group representing the high school throughout the community, state, and nation. Instructional and performance activities are affirmatively directed toward development of individual member improvement, resulting in a highly skilled performance group. Each student selected must be cognizant of the time commitment and individual dedication demanded in striving for personal improvement and teamwork through responsibility and discipline. Students are exposed to teaching, practice, and performance opportunities that result in the development of responsibility, self-respect, and that encourages honest effort in striving for excellence. These opportunities also develop character, teamwork, and pride in quality performance and physical fitness by emphasizing the maintenance of high standards.

DEFINITION

Drill Team Year: The rules and procedures outlined in this constitution are in effect from the time the student is selected to the Varsity Eaglettes Drill team and the JV Eaglettes until the tryout for the next school year. This does not include the academic guidelines. Because of TEA rules, the academic policies are in effect for a school year.

SELECTION

All varsity drill team members will be required to try out for the team each year. Failure to participate in the tryout process will result in removal from the team.

The director will be responsible for the preparation and distribution of a packet of information to be made available to all candidates. This information will include specific tryout dates, times, attire, and procedures. This information must be approved by the building principal or designee prior to distribution. Candidates and parents must sign a form stating that they understand and will comply with all information in the packet before the students are allowed to participate in the tryout process. The DeSoto Independent School District will hold a centralized tryout for the selection of high school Varsity Eaglette drill team line members and JV Eaglette members. The goal of the centralized tryout will be to provide a consistent, equitable and monitored tryout process for all high school drill team candidates. The tryouts will be held on a Friday or Saturday in May to be determined by the principals and Director of Fine Arts. The date will not be during the week of six weeks and/or State-mandated testing. Every student wishing to audition must do so on this date with no exceptions. Any student who arrives at the tryout site after the tryouts for that campus have started will not be allowed to try out. There will be no application fees or tryout fees for students trying out for the varsity drill team or the JV Eaglettes.

DISD HIGH SCHOOL VARSITY DRILL TEAM AND DFDC CONSTITUTION

The school district will bring in judges to assist in the selection process. There will be a three-five member judging panel that will score candidates from each school. Each candidate must score a minimum of 80 out of a possible 100 points in order to be placed on Varsity Eaglettes or 70-40 points to be placed on the JV Eaglettes. In order for a candidate to be placed on Varsity Eaglettes the candidate must also meet the two following requirements:

*Varsity Eaglette candidate MUST have a right leg split.

*Varsity Eaglette candidate MUST have a right double pirouette.

Scores given to a student by an individual judge will not be changed by a director, principal, or the Director of Fine Arts.

Parents will not be allowed in the building during any phase of the tryouts.

The number of candidates selected each year will be based on the number of candidates who earn the mandatory 80 points from the judging panel. In order to try out, a student must be at least a freshman and meet all State, TEA, and DISD requirements.

Anyone transferring from one campus to another during the current year will forfeit his/her position on the team. If a student wishes to join the varsity drill team at the new school of attendance, that student must wait for the scheduled yearly tryout to audition.

Candidates selected to be a member of the Varsity Eaglettes or the JV Eaglettes line are expected to make a commitment to the activity for the full year. Any drill team member who voluntarily quits the team before the end of the school year will not be allowed to tryout at the next tryout session unless he/she has had prior approval from the principal and director. **Candidates who voluntarily quit will not receive any refunds of payments that have been submitted to DeSoto High School. All payments are final.**

Varsity drill team candidates are required to submit the pre-participation medical evaluation/medical history form prior to tryouts. If the candidate answers yes to the questions outlined on this form then the candidate must also complete the physical exam form. Once a candidate is selected as a member of the drill team, the member will be required to complete the physical form. ALL drill team members must complete this form each year. DeSoto ISD will offer low cost physicals through the athletic department during the month of May.

To be eligible for tryouts, students must have passed all subjects the preceding six-week grading period in order to participate in all of the out-of-school workshops and judging.

INJURY AND USE OF VIDEO

In the case of physical injury prior to the tryout, the Director of Fine Arts must be notified for permission to have any deviations in the tryout procedure.

A video can only be used after notification of the Director of Fine Arts, and only in the case of an injury that impairs a student from participating in a “specific skill” of the tryout. If a video is used, only a small segment of the video that shows the “specific skill” done by the student prior to the tryout may be judged.

A medical doctor's note indicating the specific skill the student is incapable of performing will be required prior to video use.

DISD HIGH SCHOOL VARSITY DRILL TEAM CONSTITUTION

VIDEO USAGE GUIDELINES

Directors will make these guidelines available to judges if a video is used for tryout.

The judges shall be instructed to consider "absence of pressure," lack of physical/respiratory exertion, vocal ability, and note if a candidate is using a hard or spring floor when performing specific skills" on video.

The candidate must perform each individual “specific skill” required in the tryout to receive credit/points.

No score reduction or credit shall be exercised due to the claimed injury.

However, in light of the above considerations, a perfect score for any “specific skill” or category should be rare.

JUDGES

Judges will be selected from qualified professionals and can include directors from high school and/or college campuses. Outside judges should not be hired to judge tryouts if they have tutored or taught the drill team candidates during the current school year. Every attempt should be made to hire outside judges who have not worked with students in the DeSoto area. However, with the hundreds of camps in the state of Texas, attended by thousands of drill team members and taught by hundreds of instructors, it may be possible at some time that a member of the judging panel may have had some contact with a candidate who is trying out.

Professional judges with outstanding credential and references will be hired for all tryouts. They will be instructed to judge the candidates based only on the mastery of the skills that they see demonstrated during the tryouts. Tryout results will not be challenged because of prior knowledge of judges and candidates.

TRYOUTS

Tryouts will be closed to everyone except judges, directors, principals, and principals' designees. There will be no students, parents, or existing drill team members who are not part of the audition in the tryout room/area, nor will they be involved in the collection or tabulation of scores.

Any deviation by the candidates from the tryout requirements may result in the disqualification of the candidate.

The Following Listed Are Tryouts/Requirements/Procedures:

A. At the time of tryouts, a drill team candidate must currently be a resident of the attendance zone in which the school for which the student is trying out is located, or have an approved transfer from the office of school administration to attend that school for the next school year.

B. Any student who plans to tryout for the team must be in the 8th, 9th, 10th, or 11th grade at the time of tryouts.

C. All prospective members must attend and participate in tryouts. The director and administration will handle on an individual basis circumstances preventing a prospective member from participating.

D. Each student shall be judged on the basis of dance ability and other related areas such as poise and projection and knowledge of routine.

E. There will be a panel of qualified judges who will make the final decision. The score sheets used by the judges will be strictly confidential.

F. An individual member's drill/dance team year begins on the day the member's name is officially posted/announcement of the new team and continues until that membership is officially terminated or announcement of the new team.

G. If there is additional space available, a student new to the district may be given the opportunity to tryout.

H. Prospective members and their parents must be fully aware of the expenses of dance/drill team as explained in the tryout general information. They must be willing to meet all financial obligations. If a student is not able to meet all financial obligations, the student needs to consult the director.

I. Current members of the dance/drill team must tryout each year.

J. Each member must be physically fit and capable of enduring strenuous activity. Therefore, an annual physical examination is required.

1. Prospective members must have either a physical or a waiver releasing liability from the district prior to tryouts.

2. Returning members, as well as new members, must have a physical examination completed and returned to the director before attending any summer camp. They have

the option of having physicals by their own doctors, or they may take advantage of a district physical scheduled prior to camp.

TABULATION OF SCORES

Each of the 3-5 judges will enter each candidate's scores into an Excel spreadsheet. At the conclusion of the tryouts, a technical assistant will download all of the judges' individual score sheets into a master database.

When the tryouts are completed, only the campus administrator and tabulation person will be allowed in the tabulation room. When all scores are reviewed and ranked, the drill team director and assistant director will be allowed in the room to review the totals. No one else will be in the tabulation room.

If a member is placed on academic probation, that member will also be on probation regarding the specialty groups and may not audition for or perform with such groups for the remainder of the academic probation term. Students who are placed on academic probation twice in one year will automatically be on probation with regard to specialty groups for the remainder of the school year.

B. Probation—Disciplinary

Removal occurs once point deductions reach 22 or more. If the student progresses to 22 or more points without having served other disciplinary actions, or during a disciplinary term, removal is still the result, and will be immediate.

If a member of the team suffers loss of credit for the drill team course for excessive absences, he/she may be removed from the team subject to principal/director review.

A drill team member who is placed in the ISS room more than twice time during the drill team year will be subject to a principal/director review which may result in removal from the squad.

A drill team member who is placed in the alternative school will be removed from the team immediately, effective on the date of placement.

DISD HIGH SCHOOL VARSITY DRILL TEAM CONSTITUTION

A drill team member who is suspended from school will have a principal/director/parent/student review and may be removed from the team.

Work is not an excuse to leave practice or a performance early or arrive late.

Members are required to attend tutorials weekly during the time designated by the director/sponsor/coach. Tutoring is not to interfere with practice times.

Students who have been removed and those who voluntarily quit retain no rights to team awards, recognitions, etc., which are received after dismissal, although they may have accrued over the duration of the school term. **There will be no refunds given if a student is removed or voluntarily quits or is removed from the team.** They lose all privileges associated with varsity drill team membership, including attending drill team-only events, using drill team facilities, letter jackets, and wearing drill team attire.

Because drill team is an extra-curricular activity, there are both financial and time commitments involved in being a part of a successful drill team. These commitments are spelled out clearly for each school in the packets that are distributed prior to tryouts. It is critical that students and parents understand the financial obligations of the organization and the timeline for submitting payments due for materials and/or activities before the student decides to try out for the team. All members will participate in up to three individual school sponsored fundraisers per year.
